

NOTICE OF MOTION – Cr Macdonald

AMENDMENT C73 – CADDYS ROAD LARA

At question time on 8 February 2011 issues relating to fire, flood, water supply and environmental impacts were raised. In addition at the public meeting in Lara on 18 November 2010 the community raised concerns at community facilities in Lara. It is proposed that officers be asked to follow up with the appropriate government departments and agencies to determine whether the departments and agencies still hold the views expressed at the panel and whether developers could make a greater contribution towards community facilities for Lara residents.

Cr Macdonald moved, Cr Richards seconded -

That Council officers:

- 1) follow up the concerns expressed by residents at Question Time on 8 February 2011 with the CFA, CCMA, Department of Sustainability and Environment, Parks Victoria and Barwon Water to determine whether the views expressed in the department/agency submissions have changed;**
- 2) investigate whether developers could make a greater development contribution for community infrastructure in Lara; and**
- 3) report to Council on the outcome.**

Carried.
